School Uniform Policy 2026

At Standhill Infants' School we expect all children to come to school wearing the appropriate colours in the form of our school uniform. Wearing a school uniform as a collective can have a key role in:

- promoting the ethos of our school
- providing a sense of belonging and identity
- setting an appropriate tone for the education of our pupils

By creating a common identity amongst all our pupils, regardless of background, our school uniform will act as a social leveller. It can reduce bullying and peer pressure to wear the latest fashions or other expensive clothes. If, however, school uniform is too expensive it can place an unreasonable burden on families. Furthermore, a distinction can be made between those who can afford it and those who cannot, which can reduce the benefits of a uniform and has the potential for a negative impact.

Here at Standhill, we believe that parents should not have to worry about the cost of a school uniform. No school uniform should be so expensive as to leave pupils or their families feeling unable to apply to, or attend, a school of their choice. Here at Standhill, we welcome families to have the option of choosing:

- To dress their child in branded school uniform (from a school supplier)
- Or non-branded school uniform (supermarket / high street chain)
- Or to dress their child in second hand uniform.

We encourage all families to choose the most cost-effective option that they can afford. School will not challenge families so long as their child comes to school wearing the appropriate school colours as described below. In case of hardship please see the Headteacher.

Naming Uniform

By **naming your child's clothing** we can ensure children are responsible for their own items, develop their independence and ultimately ensure items are returned promptly to their owners when they are mislaid.

It is expected that all children will adhere to our uniform policy.
