

TOPIC LEARNING MAT

Year 1/2 Spring 2 2026

THE BIG QUESTION:
HOW WILL YOU SAVE THE PLANET?

SAVE OUR PLANET!

Exciting Texts:

Lost and Found
Easter Poems

We will be learning about:

**Our world and animals, including
humans.**

Home Challenges: Use the internet to find information about saving our planet e.g. pick up litter/turn off lights/recycle. Write facts and share with the class.

Key Vocabulary

Animal offspring, survival, human features, physical features, seasons, seasonal changes, design, evaluate, global warming, climate change

Sticky Knowledge

Science: Identify animals and their offspring.

Know how humans grow into adults.

Know and describe the basic needs of animals and humans for survival.

Geography: Recall seasonal weather patterns in the UK.

Identify human and physical features.

Computing: Use a computer to search safely for images and create an image gallery.

Skills to practise

- * Identify animals and their offspring
- * Identify and describe seasonal weather patterns
- * Identify human and physical features of a place
- * Using different devices e.g. laptop, computer, iPad, tablet
